

Crystal Gauge

Miniature Ion Gauge

Crystalion Gauge

Vacuum Gauge

RGA

Residual Gas Analyzer

M-201 QA-TDM

Cryo Pump & Trap

Intelligent Power Control

Advanced Multiple Operation

- Powerful & Economical Operation
- Reduce Total Operation Cost
- Flexible Pump Combination
- Allows Simple System Design

Maximum Uptime, Reliability & Safety

POWER ECO

Series Cryo Pump

Broad Lineup for Critical process demands, Size from 4" (trap) and 8" to 22" pump inlet.

Helium Leak Detector

- Portable Design
- High Power Pumping
- High Sensitivity
- High Speed Testing
- Fast Response Time
- Long Term Stability

Helium Cooling

Cool down to -100°C

Air Cooled

- No Water
- No Liquid Nitrogen

PFC Free

Low Power Consumption

V-080R Cooling Module

V-080LT In-Line Trap
